

Assignment and Hands on 5

Snapshots :

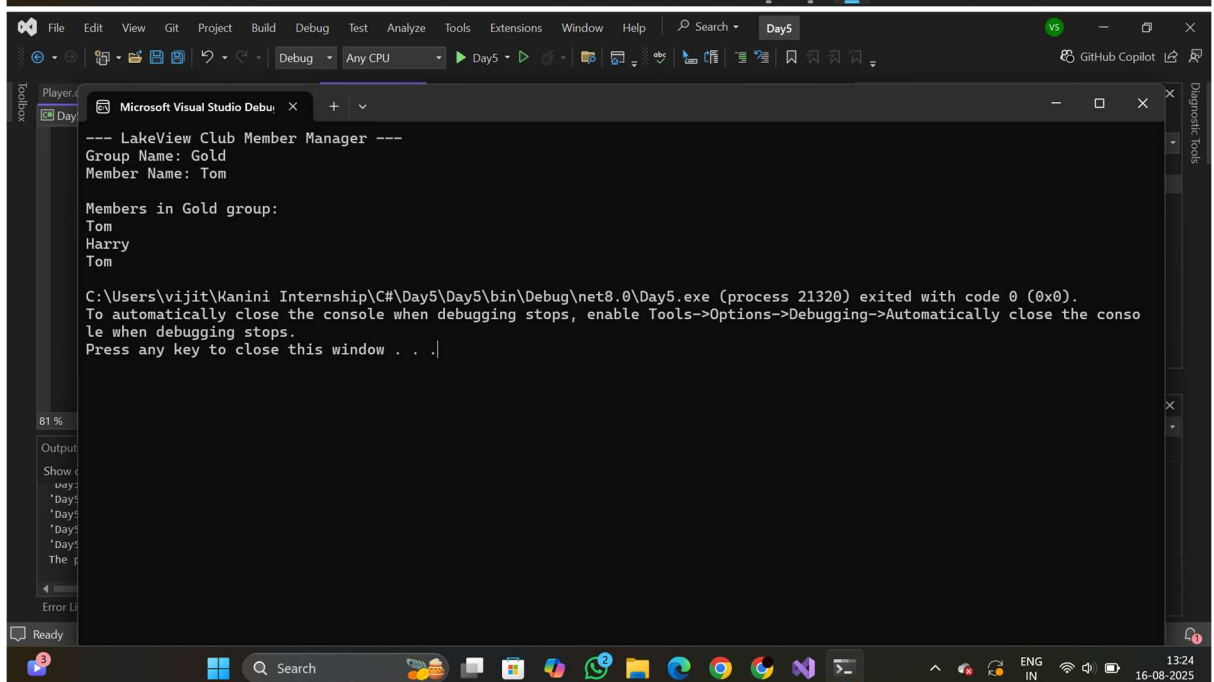

This screenshot shows the Visual Studio IDE with a debug console window open. The console displays the output of a program named 'LakeView Club Member Manager'. The program prompts for a group name and a member name. In this instance, the group name 'gold' and member name 'sam' were entered. The program then throws an exception with the message 'The group name entered does not exist.' The console also shows the process path and exit code.

```
--- LakeView Club Member Manager ---
Group Name: gold
Member Name: sam
The group name entered does not exist.

C:\Users\vijit\Kanini Internship\C#\Day5\Day5\bin\Debug\net8.0\Day5.exe (process 30464) exited with code 0 (0x0).
To automatically close the console when debugging stops, enable Tools->Options->Debugging->Automatically close the console when debugging stops.
Press any key to close this window . . .
```

This screenshot shows the Visual Studio IDE with a debug console window open. The console displays the output of the same 'LakeView Club Member Manager' program. In this instance, the group name 'Gold' and member name 'Tom' were entered. The program successfully lists the members in the 'Gold' group: 'Tom', 'Harry', and 'Tom'. The console also shows the process path and exit code.

```
--- LakeView Club Member Manager ---
Group Name: Gold
Member Name: Tom

Members in Gold group:
Tom
Harry
Tom

C:\Users\vijit\Kanini Internship\C#\Day5\Day5\bin\Debug\net8.0\Day5.exe (process 21320) exited with code 0 (0x0).
To automatically close the console when debugging stops, enable Tools->Options->Debugging->Automatically close the console when debugging stops.
Press any key to close this window . . .
